Reason for Allowance

1. The RCE and amendment filed 7/14/09 have been entered.

2. The following is an examiner's statement of reasons for allowance: The amendment (with RCE) filed 7/14/09 places the application into condition for allowance by adding to the independent claims the feature of presenting the second sequential folder containing a second plurality of elements extending outward from the selected element in a direction different from a rotational direction of the selected element around the carousel axis. Also the amendment corrects in the independent claims language to directly recite a particular action, such as "displayable" to "displayed" thus directly reciting the feature as opposed to merely reciting the capability of the feature. The combined features of the independent claims (1- apparatus, 20 - method, 34 - apparatus) are not set forth in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven P. Sax whose telephone number is (571)
